Who to Refer

- Newly registered Sri Lankan companies
- Founders completing company registration
- Foreign-backed teams setting up in Sri Lanka
- SMEs relaunching with a cleaner digital presence

What SafeNet Sets Up

- Domain, business email and starter website
- Google Business Profile and local SEO basics
- WhatsApp Business setup and lead capture
- Logo basics, invoice/quote templates and CRM flow
- Optional AI chatbot or WhatsApp bot upgrade

Starter Launch

LKR 45,000

Essentials for founders who need to look credible online fast.

Professional Launch

LKR 95,000

Sharper website, lead capture, CRM workflow and launch content.

AI Launch

LKR 150,000+

Adds AI or WhatsApp automation for serious lead handling.

Referral Fee

- 10% referral commission on the first project payment; or
- LKR 10,000 fixed fee for projects above LKR 75,000; or
- Reciprocal leads for accounting, tax and company-secretarial work.

Clean Rules

- Written referral agreement and invoice/payment records.
- No payments to government officials or public officers.
- No scraped phone-number WhatsApp blasts.
- Use permission-based introductions and respect opt-outs.

Partner pitch: Hi, we help newly registered Sri Lankan businesses launch online fast: domain, business email, website, Google Business Profile, WhatsApp setup and AI automation. We would like to partner with your firm. For every client you refer, we pay 10% referral commission or a fixed LKR 10,000 referral fee. We can also send clients back to you for accounting, tax and secretarial work.

Launch page: <https://www.safenetcreations.com/new-business-launch-package-sri-lanka/>

This one-page handout is for permission-based partner referrals only. SafeNet does not support scraped-number WhatsApp blasting. Partners should introduce clients only when the founder has asked for help or agreed to be contacted.
